Chateau Miraval is one of the only estates in Provence to have its own private valley on the Commune of Correns to the north of Brignoles. The vineyard covers two appellations: Coteaux Varois en Provence (at the north-west) and Côtes de Provence (at the East of the estate). The vineyard is planted on a gentle slope (between 5% and 9%) on clay and limestone soils. The sub-soils are known as Keuper marl. This particular clay is known to have a low internal surface area and is particularly adapted to great white varieties.
